

A photograph showing a dense population of small, dark birds perched on several parallel power lines. The lines stretch across the frame from left to right, supported by wooden poles. The birds are silhouetted against a pale, clear sky. The overall scene suggests a high density of birds, similar to a large online community.

Introducing
ABHIKARMA N.T.T *ONLINE*

Looks like everyone is online

ABOUT THE COURSE

- **Abhikarma** has taken **E-learning** to the next level by introducing their Nursery Teacher's Training Course **Pre-Primary teacher's Training 6TH month certification program by online mode.**
- A computer, access to the Internet and some amount of free time is all you need to do the course.
- The Online learning program, which deals with child psychology and various aspects of child education are also perfect for mothers who wants to teach their children at home.

OUR OBJECTIVE

If U ever made these
in your childhood

your
childhood is
awesome

- Training to teach second language English to young learners across the India.
- Training to teach all subjects students in the age group of 2-12.
- Integrate excellent skills of classroom management.
